

OneClic.vet

The Swiss veterinary directory & online appointment booking

info@oneclic.vet | +41 58 502 75 29 | oneclic.vet

Morgins, juin 2026

Dear Editor,

You know Onedoc — the platform that transformed medical appointment booking in Switzerland. OneClic.vet applies exactly the same principle to veterinary practices.

It is the first Swiss veterinary directory with integrated online booking — developed, hosted and operated in Switzerland. In 2026, booking a vet appointment should be no harder than reserving a table at a restaurant.

We are sending you this complete press package:

- A press release ready for publication
- A full press dossier
- Pre-written Q&A

Ludovic Picard, founder of OneClic.vet, is available for interviews and demonstrations. Partner veterinary practices can also be contacted upon request and with their prior consent.

We remain at your complete disposal.

Ludovic Picard

Founder — OneClic.vet
